

Prayers for Upcoming Trip and Cell Phone Donations

We have another mission team going to Haiti March 19-25, 2019. We will have a team of nine made up of members from Sixes UMC and St. Andrew UMC. First timers from St. Andrew, Katherine and Richie Cullom and Julie and Steve Correll will be going. We will be providing medical/optical clinics along with visiting our school there. Thank you in advance for your prayers and support. Prayers for God's leading, safe travel, and safety while we are there will be appreciated.

Thank you for your generous donations of cell phones for our trips. Your continued support of this effort is greatly appreciated.

Please keep donating your good, used cell phones (plus chargers, if you have them). BE SURE TO WIPE DATA AND UNLOCK ANY CODES. Cell phones that use SIM cards are the most useful to them. Phones with cracked screens are acceptable. The best phones for refurbishing are typically less than 7-8 years old. Tablets and laptop computers in good condition are also acceptable.

A basket labeled "Cell Phones for Haiti" is in the lobby of the Keheley Center. Let's keep filling up the box and continue to help these wonderful Christian young men in their efforts to provide for their families. Thank you.
